Station Madras, *Dated the* 30th January 1932.

From (Name) V. Ramakrishna Esq., I.C.S.,
(Designation) Director of Industries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

At a meeting of the Calicut Chamber of Commerce with the Hon'ble the Minister for Development at Calicut on the 21st instant a suggestion was put forward that a Board of Visitors should be appointed for the Government Industrial School at Calicut and the Hon'ble the Minister promised favourable consideration. I agree that a Board of Visitors is desirable not only for the school at Calicut but also for the other recently opened schools. I accordingly suggest for the consideration of Government that Boards of Visitors be formed for the Government Industrial Schools at Calicut and Bellary and the Government Trades School, Mangalore. I

consider

consider that the Director of Industries should be Chairman of each Board and that the Inspector of Industrial Schools should be member and Secretary as in the case of the Board of Visitors of the Government Industrial Institute, Madura; but as this will mean the constitution of 4 Boards in all, in order that meetings may conveniently be held without the presence of these two headquarters officers, I suggest that the Collector should be Vice President and the Superintendent of the School Assistant Secretary but not a member. The other ex-officio members may conveniently be the President, District Board; and Chairman, Municipal Council; whilst three other members may be nominated by Government individually, to serve for three years. Meetings will ordinarily be called by the Vice-Chairman, the notices calling meetings, agenda etc., being prepared by the Assistant Secretary and issued by him after obtaining the approval or orders of the Vice Chairman. He will also prepare proceedings of each meeting and forward them to the Director for communication to Government after they have been approved and signed by the Vice Chairman or other member presiding over the meeting in his absence. The Director will call meetings if he considers it desirable when on tour in the District concerned but will ordinarily not proceed from headquarters specially for that purpose.

Each Board will appoint from amongst its own members (excluding the Director of Industries and the Inspector of Industrial Schools) a committee of selection of three persons one of whom shall be convenor. The selection committee will make the selection of candidates to be admitted to the School and submit recommendations for the award of Government scholarship and stipends. The Superintendent will act as Secretary to the committee under the orders of the convenor. He will not have a vote but will have the right of appeal to the Director - whose decision shall be final - in case he disagrees seriously with the selections or recommendations made

made by the Committee.) If local bodies grant scholarships or stipends they may appoint their own committees or make other arrangements for the selection of the candidates for such scholarship or stipends subject to their candidates being selected by the school selection committee for admission to the institution.

---

The Government accept the proposals of the Director of Industries that a Board of Visitors and a Selection Committee should be appointed for each of the schools mentioned above, and approve of their proposed constitution.

As regards the Committee for the selection of students to the schools, the Government consider that the Superintendent of the school concerned should also be on the Committee with power to vote, and act as its Secretary and will have a right of appeal to the Director, ~~as stated by the D.I.~~

The D.I. is requested to suggest in consultation with the Collectors of the Districts concerned the names of three non-official gentlemen who can be

nominated as members of the Boards of Visitors. The willingness of the non-official gentlemen concerned to serve on the Board may also be ascertained and reported.

Subject: Government Industrial Schools, Calicut and Bellary and the Govt. Trades School, Mangalore - Board of Visitors - Constitution.

To A.S.

The Director of Industries has submitted proposals for the constitution of:

(1) Boards of visitors for the above schools &

(2) Selection Committees for selecting candidates for admission into them and for submitting recommendations for the award of scholarships and stipends.

2. Board of Visitors. The need for the constitution of these Boards has not been stated. The schools have so far got on without them. There are none for the Govt. ~~Trades~~ School, the Technology Textile Institute, the Veterinary College and so on. It is however reported that the H.M. has promised favourable consideration of the suggestion. The point is for orders.

3. Constitution of the Board. If it is decided to constitute these Boards, the Director suggests the following:-

officials	(1) Director of Industries.	~~Chairman and~~ President.
	(2) Collector of the District.	Vice President
	(3) Inspector of Industrial Schools.	Secretary.
non-officials	(4) President, Dist. Board.	
	(5) Chairman, Municipal Council.	
(6) to	(8) Three non-official gentlemen to be nominated by the Government.	

According to the above there will be three officials and five non-officials. There is no objection to the above constitution. If this is

approved orders are solicited as to the gentlemen who will be nominated. If H.M. cannot suggest the names, perhaps the Director may be asked to suggest the names of three gentlemen in consultation with the Collectors of the districts concerned.

4. Selection Committee. The need for this Committee also is not apparent. There are no committees for the Govt. School of Technology and the Textile Institute. For orders whether a committee will be constituted.

of the Selection Committee.

5. Consitution. The Director suggests that the Board of Visitors may be asked to select three gentlemen from among themselves. Perhaps one of them may be an official and the remaining two non-officials. For orders.

C of I.2 C.F.
This will be exclusively a non-official committee. As in other cases, I submit that the Dept. should be a member of the Selection Committee and act as its Secretary. He must have power to vote.
